EDUCATION

Vellore Institute of Technology – Bhopal

Sep 2023 – Present

B.Tech – Computer Science and Engineering *Cumulative GPA: 8.85*

Bhopal, India

The Chintels School

Mar 2022 – May 2023

Class XII – **93.6%**

Kanpur, India

The Chintels School

Mar 2020 – Apr 2021

Class X – **98.6%**

Kanpur, India

SKILLS

- Data Structures & Algorithms
- REST API Integration
- Object-Oriented Programming
- SQL & NoSQL Databases
- Power BI & Data Visualization
- Full-Stack Web Development

PROJECTS

100 Days 100 Web Projects [↗](#) | HTML, CSS, JavaScript, ReactJS, NodeJS, TailwindCSS Jan 2025

- Independently conceived and shipped **100+ production-ready** web apps achieving **90+ Lighthouse scores**, growing from static pages to full-stack React systems.
- Integrated **15+ RESTful APIs** with React hooks; slashed component re-renders by **35%** through self-directed performance research and memoization.

Station Guide [↗](#) | ReactJS, NodeJS, ExpressJS, MongoDB, TailwindCSS, Mapbox

Jan 2025

- Led end-to-end development of a real-time station navigation system via Mapbox GL, scaling to **500+ map interactions** with **99.9% uptime**.
- Proactively optimized MongoDB indexing and caching strategy, cutting API response time by **40%** without external guidance.

Interview Creation Portal [↗](#) | React, JavaScript, SQLite3

2024

- Took ownership of full-stack architecture; delivered an admin dashboard that cut scheduling errors by **60%** via real-time form validation.
- Independently implemented SQLite3 CRUD storage for **200+ records**, boosting HR team efficiency by **50%**.

Samvidhan Path [↗](#) | ReactJS, NodeJS, ExpressJS, MongoDB, TailwindCSS

2023

- Initiated and launched an accessible legal platform; grew content to **1,000+ law entries** with **100% WCAG 2.1** compliance.
- Drove scalable state architecture using React Context API across **5+ responsive breakpoints**, ensuring long-term maintainability.

TECHNICAL SKILLS

Languages: Python, Java, C++, JavaScript, SQL

Developer Tools: VS Code, IntelliJ IDEA Ultimate, Vercel, Postman, Jupyter Notebook

Technologies/Frameworks: Linux, Git, GitHub, ReactJS, Redux, NextJS, NodeJS, ExpressJS, MongoDB, Firebase, REST APIs

EXTRACURRICULAR

Blockchain Club [↗](#)

Aug 2024 – Present

President, Blockchain Club

Bhopal, India

- Elected President; led a **15-member core team** to grow club from **0 to 200+ active members** within **8 months**.
- Directed **InnovIT** hackathon end-to-end — securing **10+ sponsors**, coordinating **500+ participants**, and managing judging panels.
- Represented VIT Bhopal at **Smart India Hackathon 2024**, independently leading the team to **Top 5** among **50+ internal teams**.

HOBBIES & INTERESTS

Sports: Cricket, badminton, and table tennis — building discipline, strategy, and teamwork.

Creative Arts: Photography, videography, and graphic design — skilled in visual storytelling and branding.
